

## **FINISHING QUALITY SUPERVISOR**

### **Who we are...**

Based in the Lower Mainland, Morningstar Homes is one of the largest developers and builders of single family homes in British Columbia. Since 1999, Morningstar has built almost 2000 homes and continues to have an active land acquisition, development and construction program. As a Polygon Homes Ltd. associate company, Morningstar also upholds and continues to build on this respected company's solid reputation. Visit [www.mstarhomes.com](http://www.mstarhomes.com) to find out more.

### **Who you are...**

You have a desire to achieve a successful and rewarding career in the single family housing industry. You have a keen eye for detail and strive to complete the construction of homes to the highest quality of workmanship. You are an effective multi-tasker and keen to work in a dynamic, fast paced and entrepreneurial environment. You are ambitious, self-motivated, organized and able to communicate well with sub-trades and the Site Superintendent. You will have a minimum of 5 years' experience in the finishing trades (drywall, finish carpentry or paint), in a supervisory roll.

### **We need...**

A Finishing Quality Supervisor (Q/S) to assist the Site Superintendent in building high quality homes in a high volume subdivision setting. The Q/S is responsible for scheduling and managing home construction from the drywall stage to occupancy. The Q/S will assist the Site Superintendent in obtaining final municipal inspections including the Building Final and Occupancy Permit.

### **You need...**

A fast paced and challenging environment with great benefits and excellent remuneration. You also need the opportunity for future advancement within the company.

### **If we're a match...**
