For more than a century, Save-On-Foods and its parent company the Overwaitea Food Group has been established as BC's local grocer with a focus on exceeding customers' expectations and delivering the unexpected. Established in 1915, the original Overwaitea store gained favour with the community when its founder redefined conventional customer service by offering loyal customers what other retailers did not—18 ounces of tea for the price of 16—the store quickly became known as the “Over-Weight-Tea” store.
