

## **Project Manager, Wood Frame**

Location: Vancouver, B.C.

### **About Axiom Builders:**

Axiom Builders prides itself on being a very personable company with serious commitment to building things right. As a leading general contractor of mixed-use, residential, commercial, and special projects, the company is well respected across Western Canada. Our people share a commitment to service, integrity and quality and this collective vision has led to immense growth over the years. Since 2003, we have grown to become one of British Columbia's largest construction companies with over 25 notable projects with 6,000 condo units currently under construction. Headquartered in Vancouver, Axiom also has a branch office in Calgary with satellite offices in Victoria, Edmonton and Seattle.

### **About the Role:**

The Project Manager, Wood Frame provides overall direction for assigned projects and assumes responsibility for the overall project performance including costs, schedule, quality assurance and project status. This position involves subcontract negotiations, liaison with owners, engineers, and sub-trades, and management of the technical and financial aspects of the contract. Responsibilities include, but are not limited to:

- Coordinate internal resources and third parties/vendors for the flawless execution of projects and ensure that all projects are delivered on-time, within scope and within budget
- Develop and manage project scope, schedule, costs and objectives, involve all relevant stakeholders and ensure technical feasibility
- Act as front-line contact with consultants, engineers, trades, site staff, and the owners
- Promote and project the company image of efficiency, quality, and technical competence and fair management of trades and suppliers

### **What you Bring:**

Your extensive knowledge and experience working on wood frame projects as part of the general contractor will be a huge asset to our clients and your team members. You are polished, organized, teachable and have a strong business acumen - excited to learn new things. You are an excellent communicator and you conduct yourself professionally at all times - in fact, you're able to speak up and advise all levels of an organization. Most importantly, you are interested and committed to growing your career with us long term.

### **Our Must Haves:**

- At least 5-6 years of experience as a Project Manager (from project start to finish) as part of a general contractor
- A solid portfolio of completed wood frame projects with larger general contractors
- Proficient with project management tools, such as Microsoft Project and/or Procore

- Ability to communicate clearly, confidently, and professionally to all levels of an organization both internally and externally
- Post-secondary education in Construction Management, or similar field

### Your Rewards:

Axiom distinguishes itself from our competitors not only by our level of quality, but also by our commitment to our staff. At Axiom, we offer a very competitive compensation structure that supplements your regular income with a robust benefits package:

- **MSP, Medical and Dental Coverage:** Our industry leading benefits package covers you and your dependents at no cost
- **RRSP Matching Program**
- **Professional Development Support**

### How to Apply:

At Axiom Builders Inc., we are always on the lookout for talented people who are passionate about what they do. If you love what you do, and believe that with the right tools and opportunities you can do the best work of your life, please submit an application to our [careers portal](#).

While we can only respond to shortlisted applicants, we will keep your information on file and consider you for future opportunities as they come available.
