

## **Construction Safety Officer – Squamish**

Solterra Group of Companies specializes in developing and building top-quality high-rise residences, town homes, and commercial properties. Over the past 18 years, the team at Solterra has been involved with the development of many award-winning multi-residential communities throughout the Lower Mainland. We understand the importance of a home and pride ourselves on creating residences that feature exceptional design, solid construction and quality finishes.

We are currently seeking a **Construction Safety Office** to join our **Squamish** team. The candidate must be located in the area or be available to commute regularly to Squamish. They must also have a valid Construction Safety Officer Certification with a valid OFA 2 or OFA 3. This position requires working on construction project sites assisting the superintendent and skilled tradespersons, fulfilling first aid and safety requirements. You may also perform laboring activities and general clean-up tasks around the site depending on the needs of the crew and business.

### **Responsibilities include but are not limited to:**

- Conduct daily or weekly site inspections; take appropriate actions to correct any issues
- Coordinate all sub-trades to meet or exceed the client's safety expectations
- Enforce Solterra's safety program and Worksafe BC regulations on site
- Perform first aid and manage first aid supplies
- Investigate all incidents on site, attend to any injuries, provide appropriate treatment and report them to site superintendent
- Conduct site orientations with all workers and visitors
- Conduct safety talks
- Develop, monitor and enforce site specific safe work procedures
- Keep a daily journal of events
- Site clean-up and maintenance

### **Qualifications:**

- Valid Construction Safety Officer Certification with a valid OFA 2 or OFA 3
- 3+ years' experience on construction sites
- Ability to operate tool and/or support with general labor
- Positive, can-do attitude  
Natural willingness to pitch in and do what's needed to help get the job done
- Physical capability to safely perform the work on site (i.e., lifting, carrying, standing, walking, kneeling, etc)

Thank-you for your interest; only candidates identified for further consideration will be contacted.
