

## Construction Executive

### Concert Properties

Location: Vancouver, BC

Concert is an award-winning diversified real estate enterprise with a stellar reputation. For 30 years, Concert has been committed to its employees, investors, partners and communities where they build and live, and is dedicated to what it means to be a developer with a difference. Today, the company has a portfolio valued at over \$7 billion while remaining one of the most trusted names in Canadian real estate.

Reporting directly to the SVP, Construction, Concert is seeking a unique construction leader with the ambition to grow potentially into an executive role nationally while comfortable integrating into an already high performing experienced team. This is a critical leadership position responsible for overall management and delivery of key projects. At Concert, construction plays a broad and all-encompassing role right from design, through to tendering and post construction, all the while working closely with development, finance as well as sales and marketing teams. The successful incumbent will build Concert's bench strength as part of its long-term people strategy. This is a career-building leadership role with the potential to expand as part of Concert's growth.

The ideal candidate will be an experienced construction and team leader with direct experience managing complex high-rise residential or commercial projects. At Concert, construction leaders must be comfortable playing an influential role in all aspects of the project, bringing to bear business acumen, strategic decision making and proactive thinking. The ideal candidate must align with Concert's focus on sustainability, integrity, innovation, safety and a commitment to understanding the customer needs currently and in the future. Highly approachable, and collaborative, they must be able to work with individuals at all levels and across the organization.

Located in Vancouver, BC, this is a rare opportunity to join a real estate leader with an enviable track record, stable ownership, experienced leadership team, and a large diverse pipeline of interesting projects.
